SILVADEC GROUP

QUALITY SAFETY ENVIRONMENT ENERGY POLICY OF THE SILVADEC GROUP

SILVADEC's mission is to design, manufacture and distribute innovative and eco-responsible composite materials in a circular economy dynamic, which open the scope of possibilities in outdoor design.

To this end, Silvadec commits to implementing the necessary means to:

- Quality
 - o Ensure complete customer satisfaction by delivering products and services that meet their expectations.
- Safety
 - o Develop a zero-accident safety culture, control ergonomic risks and psychosocial risks.
- Umwelt & Energie
 - o Anchor energy and environmental performance criteria in all the group's activities and services,
 - o Continuously improve the energy and environmental performance of existing activities and services
- Cross-cutting
 - o Meet all legal and regulatory requirements, as well as those of our interested and relevant parties,
 - o Ensure that all announcements & communications are based on real foundations, highlighting our commitments and results

I commit to providing staff with the necessary means to achieve the set objectives and I count on everyone's involvement for the success of our quality, safety, environment and energy approach.
